

End snail mail & cut costs with **Catapult**

Deliver IBM i documents in seconds instead of days !

Catapult distributes invoices, purchase orders and other documents automatically while cutting delivery time and costs. And, you'll also stop wasting time printing, collating, filing and retrieving reports with the auto-filing and auto-indexing feature.

"Catapult is paying big dividends for our company by reducing overhead, saving printing and postage costs, and providing a better means for archiving reports."
 — *Brian Williams, Hoshizaki America, Inc.*

Stamp out distribution inefficiencies.

- Automate spool file and document distribution
- Email, fax, print, index and save reports
- Route reports using distribution groups
- Split reports into individual segments
- Convert spool files to popular PC file formats
- Add graphical form overlays
- Integrates with the optional license free Nexus Portal for 24/7, secure web-based access
auto-file • auto-index • search

*Auto-deliver Reports to users
in the format they want*
